May/June 2008

Dear Pastor and Church,

God made a way!

Thank you for praying for the recent youth conference request. We did not know how it would all work out to take some teens to Lancaster with finances as part of some of the issues we were facing. There were six teenagers that were going to be a part of the trip. God came through for us! He touched the heart of two families. Both gave generous gifts, and our church helped paid for some. PTL! It never ceases to amaze me how God supplies our need. We safely made the trip, and the Lord ministered to our hearts. I asked them to share how the Lord worked in their lives, and the testimonies were very encouraging.

Asked to pray twice!

We have been involved with soccer with our kids for the last 3 years. It has allowed us to meet many people, and provides a wonderful opportunity to witness. Recently the local A.Y.S.O.(American Youth Soccer Organization) of Grants had a special opening day with local politicians present with a crowd of about 500 people. The purpose of this was to show local government leaders that this soccer league has grown and they need more space. The head of this organization asked me if I would lead in prayer. Pray that we will be good testimonies on and off the field. Also, the local New Mexico State University Branch held their graduation ceremonies. I was asked to open with the "invocation". One graduate said, "I like that you pray in Jesus' name".

4th of July Float!

Lord willing, we are going to make a float with the Patriotic theme. Along with a patriot looking crew we will be passing out fliers promoting our youth rally, and basketball tournament, and gospel clubs that we will host the following week. Please pray for these activities. Much work still has to be done. Please pray for us as we get ready to put things together.

The Governor approved too!

The week of July 7-11 we will be hosting (8) different gospel clubs in our community. Some on the reservation, and some off. Two of them will be held in Laguna. One in a new subdivision. Recently I had to attend a village meeting to get one club approved. To my surprise the governor of our pueblo was present, and actually MC'd the meeting. He met with me briefly before the meeting, and we spoke of my request. He introduced me to the people, and I made our request, and it was approved unanimously without any opposition. I thanked the governor, the people; and was dismissed within a few minutes after the request. Before I left, the governor said before the people, "Pastor, please remember to pray for us". Would to God this would have been a request for church approval! It takes a long time to earn trust here. Please pray that we will see reach many new souls with the gospel of Christ. Thank you for your prayers and support.

All Because of Jesus,

Byron Sarracino Family
